Excellent Line DesignStand D2

High-quality, quadratic column stand with rectangular baseplate for mounting light, sound, and video equipment.

The high-quality aluminum stand is composed of several 10cm quadratic pipes in lengths of 40, 60 and 80 centimeters. The baseplate is made from solid aluminum, 65 cm x 55 cm x 2cm (plus 2 cm rubber foot), **with central mounting** for the square column. The square pipes are hollow and can be used to run cables. One can obtain varying heights through different combinations of the square pipes. A closed head unit tops off the stand, featuring a rear cable outlet. With either a universal plate 35 cm x 45 cm or a universal T-Bar 120 cm x 5cm, the head unit can be used to mount lights, speakers, or video

equipment. The square column and the head unit are RAL Color 7035, the baseplate is RAL Color 9005.

The stand set contains the following components:

- 1 x Baseplate 65 cm x 55 cm x 2 cm, RAL 9005
- 1 x Quadratic pipe 40 cm, RAL 7035
- 1 x Quadratic pipe 60 cm, RAL 7035
- 1 x Quadratic pipe 80 cm, RAL 7035
- 1 x Head 56 cm, RAL 7035
- 1 x Universal plate 35 cm x 45 cm, RAL 7035
- 1 x Universal T-Bar 120 cm x 10 cm x 5 cm, RAL 7035
